20TH YEAR. NO. 126.

EAST LIVERPOOL, O., THURSDAY, MAY 28, 1903.

TWO CENTS.

CONNELL AND HEINLEIN THE STANDARD BEARERS

Columbiana and Belmont Effected an Alliance with fitting observance. and Had Things Their Own Way.

THE CONVENTION WAS SHORT BUT LIVELY

THE NOMINEES:

Charles C. Connell, Columbiana. J. Charles Heinlein, Belmont. THE UNSUCCESSFUL:

Marshall N. Duvall, Jefferson: Prof. J. H. Beal, Harrison.

The Twentieth-Twenty-second join senatorial convention today, through an alliance formed by Columbiana and Belmont counties, completed its work in short order with the result that Hon. C. C. Connell, of Lisbon, was nominated for a second term and Hon. J. C. Heinlein, of Bridgeport, for a first term.

But one ballot was taken and it resulted as follows:

Bel. Col. Har. Jef. Total Heinlein 55 50 .. 35 140 Connell 31 69 23 Beal 19 23 7 Duvall 24 42

The convention passed resolutions warmly commending the work and the statesmanship of Senators Foraker and Hanna and urging the senators to be elected to use their votes and influence for Senator Hanna for another

The convention got down to business at 11:15, Wellsville time. Attorney George E. Davidson, of East Liverpool, secretary of the senatorial committee, called to order.

General David A. Hollingsworth, of Harrison county, was made temporary tall timber in Lisbon. McKinley was chairman and M. G. Creamer, of Martin's Ferry, secretary. General Hollingsworth made a ten-minute speech in which he outlined the policy of the Republican party along national lines. The mention of Senator Hanna's name was greeted with great applause, the speaker saying nothing but death would prevent him from succeeding himself. The government's open door policy was commended and favorable mention made of the expansion plan as advanced by President McKinley.

The present financial policy of the government was endorsed and approved and the prosperity of the country attributed to the wisdom of Republican legislation.

At the conclusion of the address, ex-Congressman R. W. Tayler, of this county, moved that the temporary officers be made permanent and the motion was carried. The chairman then called for the reports of committees. and none were ready to report until that on the rules and order of business

Hon. R. W. Tayler for this committee made the report. It provided that nominating speeches be limited to five minutes without seconding speeches. It also provided that the candidates be nominated in the following order: That the name of one man be presented from the Twentieth district and another from the Twenty-second, and that these two be voted for together.

Mr. Tayler moved the adoption of the report, but there was some opposition and Eugene Gray, of Belmont, offered an amendment that the nominations should be made in the regular way, or alphabetically, and that the candidates be voted for one at a time.

A vote was called for on the amendment and Mr. Gray raised the question of how the vote should be taken with reference to counties. In Belmont no traitor, and I will defy any one to deny rule had been adopted, whereby the county chairman should cast the vote. Belmont was given time to decide upon a plan. The amendment was lost by the following vote: Belmont, 9 for and 46 against; Columbiana, 69 against: Harrison, 23 for and Jefferson, 42 for the amendment.

The original motion for the adoption of the report of the committee was then put before the house and carried.

The question which had just been decided indicated that the feeling between Belmont and Jefferson was even stronger than that of Columbiana against Jefferson and showed plainly that the prediction made yesterday that Columbiana and Belmont would

A motion to adjourn at this point was defeated and the order of business proceeded with. Attorney C. L. Weams, of St. Clairsville, was introduced and placed in nomination Hon. J. Charles Heinlein, of Belmont coun-

Harrison county's claims and her candidate, James H. Beal, were presented by Judge W. G. Shotwell, of the common pleas court. Not for six years has Harrison county been represented on the senatorial ticket from of Harrison the record of its candidate the district. In presenting the claims was given in detail. His authorship of the Beal law was pointed out as one of the greatest accomplishments of any state legislator in years, and to ons law is credited the sweeping Republican victory in the state last fall. The speaker claimed that Beal's one Leading Candidates in the Race term in the legislature gave him a fame as wide as the state and that his work is stamped upon the entire ac complishments of the last legislature. he has the solid support of Harrison county in his ambition to represent the

Attorney Charles S. Speaker, of Lisbon, responded when the secretary reached Columbiana county on the roll call, and presented the name of Hon. C. C. Connell, who is seeeking re-nomination. As Mr. Speaker took the stage there was thunderous applause. He well understands how a man with red blood in his veins and courage in his heart should desire to represent such a splendid district. "We have grown born in its environments. Ohio's great senator, Marcus A. Hanna, was born there. But this is not all, we also produced Vallandingham, that pole cat. There must be time for achievements and Columbiana county asks that her candidate be given opportunity," he continued. "Columbiana county, rockribbed, with a Republican majority of from 3,000 to 4,000, presents without a lissenting voice the name of Hon. Charles C. Connell." (Prolonged ap-

A. C. Lewis, of Steubenville, exprosecuting attorney of Jefferson county, walked to the platform when Jefferson county was reached on the roll call to announce the name of M. N: Duvall. After a few preliminary remarks he launched into the internecine strife that has followed the delegation to the convention city from Steubenville, and which resulted in the censure of Congressman Gill by the Jefterson county delegation this morning. Mr. Lewis stated that the Jefferson county delegation, influenced by a few self-seeking politicians, had given the traitorous wink.

"Jealousy and petty revenge." said, "have searched the record of Duvall with a calcium light and found it without blot or stain and full of honor If any person from Jefferson county, either a delegate or not a delegate. under the guise of what Jefferson county desires at the convention, whether he be a millionaire or the boasted owner of the party organ, 1 dare him to step forth on the platform where any honest man has the right to declare a place and say wherein Jeffrson county's candidate has failed

"I want to say in conclusion that the man who has licked the public paw as ne has done is nothing short of a tne assertion."

This was a direct defy to Congressman Gill and his cohorts.

Chairman Hollingsworth then announced the name of the candidates in tne order nominated and called for a vote of the counties. The ballot resuited in the choice of Connell and

Great Class Will Receive Diplomas From the East Liverpool High School Tonight.

The promotion exercises of the several thousand children of the public Public Safety Board Given a Leschools took place today at 10 o'clock

According to arrangements of Supt. Rayman, the children were placed in the rooms to which they were promo-

The children throughout the city were apparently very happy that their earnest efforts and hard work had consummated in their promotion to one grade higher. The class of '03 has many friends in the city who will be interested in the graduation exercises which take place this evening at 8:15 o'clock at the opera house. The stage of the opera house has been beautifully decorated in the class colors and will lend beauty to the exercises.

The commencement will be followed by the school picnic tomorrow, which will be the jollification day for school children of this city.

Solicitor George E. Davidson, by rehours in length, was devoted to a study of provisions of the code relating to the work and duties of the board. Mr. Davidson had carefully perused the sections and informed the board in a comprehensive manner on an questions that were offered.

In reply to a query regarding the office of chief of police the solicitor stated that it had been his opinion from the beginning that there was no such office created in this city, and that if it is desired that there be a chief of police an ordinance must be drafted to that effect and a chief appointed according to the code which designates plainly that the officer must be chosen from the classified list and he must pass an examination. VIRTUALLY UNDER MARTIAL LAW

Colonel Williams Vested With Authority in Jackson-Cockrill Investigation Begun.

Jackson, Ky., May 28 .- The special grand jury began the investigation of the assassination of City Marshal James Cockrill here last July. As in the Marcum case the assassin was Cockrill with a Winchester rifle from the court room window as he stood in the street. It was immediately after this that men in sympathy with the Cockrill brothers had to flee the county for safety. Among them was Captain John Patrick, who, in a letter to Judge Redwine soon afterward, said that he and others saw the assassins and would come back and testify if troops would be sent to protect them. The knowledge he possessed put a price on his life. Judge Redwine attachment issued for Patrick, who. to escape going back to what he considered certain death, has since lived in seclusion. It is believed he will appear to testify and, with others, will name the assassins.

L COLORED SPORTS

Wanted to Retain Money Which It Was Claimed They Had Not Won.

A man giving his name as W. J Gunst and his home as Sistersville, dropped into Wellsville yesterday with a large roll of money. He came here with the intention of having a good time. He is a man of considerable sporting blood and walked around town looking for a speculation. At last he met Charles Gallagher, a colored man, who can manipulate the cards with great skill, and after a short conversation a game of euchre was proposed for small stakes. Gunst got a little tired of this slow method of getting a fortune and wanted to put up \$20 on a game of seven-up. Gallagher readily agreed to this and forthwith put up his money, as did Gunst, with Carl Lee, a colored friend of Galla-

Doctor Said Baby Would Die.

Dr. Miles' Nervine Revived and Cured Her.

When your nerves are tired and deranged, your troubles begin and remain with you until your nervous system is toned up and regulated. Dr. Miles' Nervine is the great Nerve. Tonic and Regulator. Read what a grateful mother writes of what it did for her baby:

"My baby had sinking spells so bad we despaired of her life. Four or five times she would faint away and be to all appearances dead. When she was eight months old she would faint away and be to all appearances dead. When she was eight months old she took a very severe cold and the doctor and all who saw her thought it impossible for her to recover. We hardly revived her from one sinking spell until she would go into another. One morning after a most wretched night spent fighting death and when all symptoms were growing worse. I remembered an almost empty bottle of Dr. Miles' Restorative Nervine and without saying anything about it I gave the baby nearly a half teaspoonful. Then I noticed she slept more naturally. She had no more spells that day, and in the evening I gave her a few more drops, which was all there was, and now though she is three years old she is well and strong and has never had the slightest symptom since the first attack. I know of several persons, among them relatives, who have persons, among them relatives, who have used the Nervine with excellent results. It saved my baby's life. You have my permission to publish this as I wish to do all I can to benefit others."—Mrs. W. I. Totten, Portland, Ind.

JUST one taste of Hagee's Cordial of Cod Liver Oil (of Lime and Soda) will dispel any idea that it is repulsive, nauseating like ordinary cod liver oil.

Those who have been deprived of testing its remarkable reconstructive qualities because they imagined it the greasy, fishy kind, could never be more mistaken.

Hagee's Cordial is a thin palatable fluid, with a pleasant odor and agreeable taste. Children take it readily and it agrees with the most delicate stomach. For thin, emaciated, weak conditions of adults, children or infants, its bracing, tonic effect is marvelous.

Life Plant Cures Rheumatism. Because it purifies the Blood. Rheumatism is caused by the presence of an excess of Uric acid in the Blood. Uric acid is caused by a peculiar fermentation product. You must remove the cause to cure Rheumatism. Drive out the Uric acid and prevent its formation. Life Plant opens up the organs of excretion, which in time carry of the Uric acid, and thus removes the cause. It not only removes the cause, but it prevents the formation of the Uric acid, and prevents a recurrence of the disease. It renews life. Restores and Renews the vital element in the blood and makes you strong and vig-orous. Resd what Geo. Crater says:

Heinlein two counties to control the situation payments-give these facts absolutely. The matter was decided through with so little friction, there remained but few details to arrange.

Alphabetically, Belmont was entitled The Mutual Life Insurance to nominate first, but owing to Columbiana having the second term, the lead ers from the latter county demanded the right to present the name of Senator Connell in the very beginning Fearing this arrangement might hurt her chances, Belmont steadily refused to agree to this arrangement, and in spite of all the persuasion brought to bear, the point was still undecided when the conference ended.

In the meantime the other candidates were busy with their fences, but Special Representative. as soon as the fact of the Columbiana Belmont combination was noised about the enthusiasm waned, and the ulti mate result was conceded from that time to the very last. The hotel Metropole was a very busy place, however, throughout the entire evening, and the lobby was crowded with interested

delegates and enthusiastic politicians. Many of the politicians from the northeast end of the district had not been given an opportunity to get near to Congressman Gill previous to the present occasion, and all agree he is diplomatic and clever. He was the principal and most popular figure in the final arrangements which were made last night, and his hand can be seen in nearly every move.

The Oldest Daily Columbiana County

20TH YEAR. NO. 126.

EAST LIVERPOOL, O., THURSDAY, MAY 28, 1903.

TWO CENTS.

CONNELL AND HEINLEIN THE STANDARD BEARERS

Columbiana and Belmont Effected an Alliance with fitting observance. and Had Things Their Own Way.

THE CONVENTION WAS SHORT BUT LIVELY

THE NOMINEES: Charles C. Connell, Columbiana. J. Charles Heinlein, Belmont. THE UNSUCCESSFUL: Marshall N. Duvall, Jefferson: Prof. J. H. Beal, Harrison.

The Twentieth-Twenty-second joint senatorial convention today, through years has Harrison county been reprean alliance formed by Columbiana sented on the senatorial ticket from and Belmont counties, completed its work in short order with the result that Hon. C. C. Connell, of Lisbon, was nominated for a second term and Hon. J. C. Heinlein, of Bridgeport, for a first term.

But one ballot was taken and it re sulted as follows:

	Bel.	Col.	Har.	Jef.	Tota
Heinlein	55	50		35	14
Connell	31	69	23		1:
Beal		19	23	7	4
Duvall	24			42	(

The convention passed resolutions warmly commending the work and the statesmanship of Senators Foraker and Hanna and urging the senators to be elected to use their votes and influence for Senator Hanna for another

The convention got down to business at 11:15, Wellsville time. Attorney George E. Davidson, of East Liverpool, secretary of the senatorial committee.

General David A. Hollingsworth, of chairman and M. G. Creamer, of Martin's Ferry, secretary. General Hollingsworth made a ten-minute speech in which he outlined the policy of the Republican party along national lines. The mention of Senator Hanna's name was greeted with great applause, the speaker saying nothing but death would prevent him from succeeding himself. The government's open door policy was commended and favorable as advanced by President McKinley.

The present financial policy of the government was endorsed and approv ed and the prosperity of the country attributed to the wisdom of Republican legislation.

At the conclusion of the address, ex-Congressman R. W. Tayler, of this county, moved that the temporary officers be made permanent and the motion was carried. The chairman then called for the reports of committees, and none were ready to report until that on the rules and order of business was reached.

Hon. R. W. Tayler for this committee made the report. It provided that nominating speeches be limited to five minutes without seconding speeches. It also provided that the candidates be nominated in the following order: That the name of one man be presented from the Twentieth district and another from the Twenty-second, and that these two be voted for together.

Mr. Tayler moved the adoption of the report, but there was some opposition and Eugene Gray, of Belmont, offered an amendment that the nominations should be made in the regular to declare a place and say wherein way, or alphabetically, and that the candidates be voted for one at a time.

A vote was called for on the amendment and Mr. Gray raised the question of how the vote should be taken with rule had been adopted, whereby the the assertion." county chairman should cast the vote. Belmont was given time to decide upon a plan. The amendment was lost by the following vote: Belmont, 9 for against; Harrison, 23 for and Jefferson, 42 for the amendment.

The original motion for the adoption of the report of the committee was then put before the house and carried.

The question which had just been decided indicated that the feeling between Belmont and Jefferson was even stronger than that of Columbiana against Jefferson and showed plainly that the prediction made yesterday combine was correct.

A motion to adjourn at this point was defeated and the order of business proceeded with. Attorney C. L.

In presenting the claims of Harrison the record of its candidate was given in detail. His authorship of the Beal law was pointed out as one of the greatest accomplishments of any state legislator in years, and to uis law is credited the sweeping Republican victory in the state last fall The speaker claimed that Beal's one Leading Candidates in the Race drafted to that effect and a chief apterm in the legislature gave him a fame as wide as the state and that his work is stamped upon the entire ac complishments of the last legislature he has the solid support of Harrison county in his ambition to represent the

Attorney Charles S. Speaker, of Lis bon, responded when the secretary reached Columbiana county on the roll call, and presented the name of Hon. C. C. Connell, who is seeeking re-nomination. As Mr. Speaker took the stage there was thunderous applause. He well understands how a man with red blood in his veins and courage in his heart should desire to represent such a splendid district. "We have grown Harrison county, was made temporary tall timber in Lisbon. McKinley was born in its environments. Ohio's great senator, Marcus A. Hanna, was born there. But this is not all, we also produced Vallandingham, that pole cat. There must be time for achievements and Columbiana county asks that her candidate be given opportunity," he continued. "Columbiana county, rockribbed, with a Republican majority of from 3,000 to 4,000, presents without a dissenting voice the name of Hon. mention made of the expansion plan Charles C. Connell." (Prolonged applause.)

A. C. Lewis, of Steubenville, exprosecuting attorney of Jefferson county, walked to the platform when Jefferson county was reached on the roll call to announce the name of M. N: Duvall. After a few prenminary remarks he launched into the internecine strife that has followed the delegation to the convention city from Steubenville, and which resulted in the censure of Congressman Gill by the Jefterson county delegation this morning. Mr. Lewis stated that the Jefferson county delegation, influenced by a few self-seeking politicians, had given the traitorous wink.

"Jealousy and petty revenge," he said, "have searched the record of Duvall with a calcium light and found it without blot or stain and full of honor. If any person from Jefferson county. either a delegate or not a delegate. under the guise of what Jefferson county desires at the convention whether he be a millionaire or the boasted owner of the party organ. dare him to step forth on the platform where any honest man has the right in his duty.

"I want to say in conclusion that the man who has licked the public paw as

Chairman Hollingsworth then announced the name of the candidates in and 46 against; Columbiana, 69 the order nominated and called for a vote of the counties. The ballot resuited in the choice of Connell and

The convention closed mid the wildest enthusiasm, the Belmont delegation celebrating their victory until the very minute the train departed from Wellsville.

COMMENCEMENT

A Great Class Will Receive Diplomas From the East Liverpool High School Tonight.

The promotion exercises of the sevral thousand children of the public Public Safety Board Given a Le schools took place today at 10 o'clock

According to arrangements of Supt Rayman, the children were placed in the rooms to which they were promo ted.

The children throughout the city were apparently very happy that their earnest efforts and hard work had consummated in their promotion to one grade higher. The class of '03 has many friends in the city who will be interested in the graduation exercises which take place this evening at 8:15 o'clock at the opera house. The stage of the opera house has been beautifully decorated in the class colors and will lend beauty to the exercises.

VIRTUALLY UNDER MARTIAL LAW

Colonel Williams Vested With Authority in Jackson-Cockrill Investigation Begun.

Jackson, Ky., May 28.-The special grand jury began the investigation of the assassination of City Marshal James Cockrill here last July. As in the Marcum case the assassin was the court room window as he stood in the street. It was immediately after this that men in sympathy with the Cockrill brothers had to flee the county for safety. Among them was Captain John Patrick, who, in a letter tc Judge Redwine soon afterward, said that he and others saw the assassins and would come back and tes tify if troops would be sent to protect them. The knowledge he possessed attachment issued for Patrick, who. to escape going back to what he considered certain death, has since lived in seclusion. It is believed he will appear to testify and, with others, will name the assassins.

Wanted to Retain Money Which It Was Claimed They Had Not Won.

A man giving his name as W. J Gunst and his home as Sistersville, dropped into Wellsville yesterday with a large roll of money. He came here with the intention of having a good time. He is a man of considerable sporting blood and walked around town looking for a speculation. At last he met Charles Gallagher, a colored man, who can manipulate the cards with great skill, and after a short conversation a game of euchre was proposed for small stakes. Gunst got a little tired of this slow method of getting a fortune and wanted to put up \$20 on a game of seven-up. Gallagher readily agreed to this and forthwith put up his money, as did Gunst, with Carl Lee, a colored friend of Gallagner

Gallagher proposed they go to the river bank to play, but Gunst refused. They disputed quite a while and Gal lagher called time and said the mone belonged to him. Lee, the stakeholder,

Doctor Said Baby Would Die.

Miles' Nervine Revived and Cured Her.

When your nerves are tired and deranged, your troubles begin and remain with you until your nervous system is toned up and regulated. Dr. Miles: Nervine is the great Nerve Tonic and Regulator. Read what a grateful mother writes of what it did for her baby:

mother writes of what it did for her baby:

"My baby had sinking spells so bad we despaired of her life. Four or five times she would faint away and be to all appearances dead. When she was eight months old she took a very severe cold and the doctor and all who saw her thought it impossible for her to recover. We hardly revived her from one sinking spell until she would go into another. One morning after a most wretched night spent fighting death and when all symptoms were growing worse, I remembered an almost empty bottle of Dr. Miles' Restorative Nervine and without saying anything about it I gave the baby nearly a half teaspoonful. Then I noticed she slept more naturally. She had no more spells that day, and in the evening I gave her a few more drops, which was all there was, and now though she is three years old she is well and strong and has never had the slightest symptom since the first attack. I know of several persons, among them relatives, who have persons, among them relatives, who have used the Nervine with excellent results. It saved my baby's life. You have my permission to publish this as I wish to do all I can to benefit others."—Mrs. W. I. Totten, Portland, Ind.

JUST one taste of Hagee's Cordial of Cod Liver Oil (of Lime and Soda) will dispel any idea that it is repulsive, nauseating like ordinary cod liver oil.

Those who have been deprived of testing its remarkable reconstructive qualities because they imagined it the greasy, fishy kind, could never be more mistaken.

Hagee's Cordial is a thin palatable fluid, with a pleasant odor and agreeable taste. Children take it readily and it agrees with the most delicate stomach. For thin, emaciated, weak conditions of adults, children or infants, its bracing, tonic effect is marvelous.

of Front street telephoned to police headquarters and asked that an officer boys who were in the river get out. She stated that the family wished to go out on the lawn, but it was impossible to take the children out, as the actions of the youngsters, of whom she said there were at least 50, were so vulgar. An officer answered the call. but before he had reached the place the boys had fled.

The residents of Front street have beautiful lawns and have cultivated them for the purpose of having a place to rest after the heat of the day, and they should not be deprived of this luxury by a few boys. The boys can just as well wait until after dark when they will not be disturbed.

Life Plant Cures Rheumatism.

Because it purifies the Blood. Rheumatism is caused by the presence of an excess of Uric acid in the Blood. Uric acid is caused by a peculiar fermentation product. You must re-move the cause to cure Rheumatism. Drive out the Uric acid and prevent its formation. Life Plant opens up the organs of excretion, which in time carry off the Uric acid, and thus removes the cause. It notonly removes the cause, but it prevents the formation of the Uric acid, and prevents a recurrence of the disease. It renews life. Restores and Renews the vital element in the blood and makes you strong and vig-orous. Resd what Geo. Crater says:

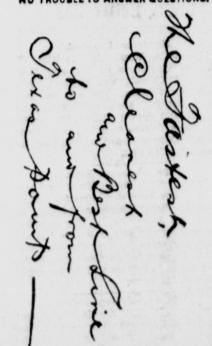

For the benefit of those who have Rheu matism, I take the liberty to inform you of my remarkable cure by the use of Life Plant. Had Rheumatism for six years. Shoulders so affected as to prevent my lying on either side. Sciatic Rheumatism in my right leg, gave me many sleepless hours at night. Lumps came in the velns of my wrists and neck, very painful to the touch. Physicians and medicines failed to benefit me. At last I was induced to try Life Plant, three bottles cured me. No more lumps, no more soreness, no more pain. I am well and all right. Yours truly, George Crater,

THE CONVENTION WAS SHORT BUT LIVELY

THE NOMINEES: Charles C. Connell, Columbiana. J. Charles Heinlein, Belmont. THE UNSUCCESSFUL: Marshall N. Duvall, Jefferson: Prof. J. H. Beal, Harrison.

The Twentieth-Twenty-second joint senatorial convention today, through and Belmont counties, completed its work in short order with the result that Hon. C. C. Connell, of Lisbon, was nominated for a second term and Hon. J. C. Heinlein, of Bridgeport, for a first term.

But one ballot was taken and it resulted as follows:

Bel.	. Col.	Har.	Jef.	Total
55	50		35	140
31	69	23		12
	19	23	7	49

The convention passed resolutions warmly commending the work and the statesmanship of Senators Foraker and Hanna and urging the senators to be elected to use their votes and influence for Senator Hanna for another

The convention got down to business at 11:15, Wellsville time. Attorney George E. Davidson, of East Liverpool, secretary of the senatorial committee, called to order.

General David A. Hollingsworth, of Harrison county, was made temporary chairman and M. G. Creamer, of Martin's Ferry, secretary. General Hollingsworth made a ten-minute speech in which he outlined the policy of the Republican party along national lines. The mention of Senator Hanna's name was greeted with great applause, the speaker saying nothing but death would prevent him from succeeding himself. The government's open door policy was commended and favorable made of the expansion plan as advanced by President McKinley.

The present financial policy of the government was endorsed and approved and the prosperity of the country attributed to the wisdom of Republican legislation.

At the conclusion of the address, ex Congressman R. W. Tayler, of this county, moved that the temporary officers be made permanent and the motion was carried. The chairman then called for the reports of committees, and none were ready to report until that on the rules and order of business was reached.

Hon. R. W. Tayler for this committee made the report. It provided that nominating speeches be limited to five minutes without seconding speeches. It also provided that the candidates be nominated in the following order: That the name of one man be presented from the Twentieth district and another from the Twenty-second, and that these two be voted for together.

Mr. Tayler moved the adoption of the report, but there was some opposition and Eugene Grav. of Belmont. offered an amendment that the nomi nations should be made in the regular way, or alphabetically, and that the candidates be voted for one at a time.

A vote was called for on the amendment and Mr. Gray raised the question of how the vote should be taken with reference to counties. In Belmont no rule had been adopted, whereby the county chairman should cast the vote Belmont was given time to decide upon a plan. The amendment was lost by the following vote: Belmont, 9 for and 46 against; Columbiana, 69 against; Harrison, 23 for and Jeffer son, 42 for the amendment.

The original motion for the adoption of the report of the committee was then put before the house and carried.

The question which had just been decided indicated that the feeling between Belmont and Jefferson was even stronger than that of Columbiana against Jefferson and showed plainly that the prediction made yesterday that Columbiana and Belmont would combine was correct.

A motion to adjourn at this point was defeated and the order of business proceeded with. Attorney C. L.

In presenting the claims of Harrison the record of its candidate was given in detail. His authorship of the Beal law was pointed out as one of the greatest accomplishments of any state legislator in years, and to cals law is credited the sweeping Republican victory in the state last fall. The speaker claimed that Beal's one Leading Candidates in the Race term in the legislature gave him a fame as wide as the state and that his work is stamped upon the entire ac complishments of the last legislature. he has the solid support of Harrison county in his ambition to represent the

> Attorney Charles S. Speaker, of Lisbon, responded when the secretary reached Columbiana county on the roll call, and presented the name of Hon. C. C. Connell, who is seeeking re-nomination. As Mr. Speaker took the stage there was thunderous applause. He well understands how a man with red blood in his veins and courage in his heart should desire to represent such a splendid district. "We have grown tall timber in Lisbon. McKinley was born in its environments. Ohio's great senator, Marcus A. Hanna, was born there. But this is not all, we also produced Vallandingham, that pole cat. A. C. Lewis, of Steubenville, exprosecuting attorney of Jefferson county, walked to the platform when Jefferson county was reached on the roll call to announce the name of M. N: Duvall. After a few prenminary remarks he launched into the internecine strife that has followed the delegation to the convention city from Steubenville, and which resulted in the censure of Congressman Gill by the Jefterson county delegation this morning. Mr. Lewis stated that the Jefferson county delegation, influenced by a few self-seeking politicians, had given the

in his duty. "I want to say in conclusion that the man who has licked the public paw as ne has done is nothing short of a traitor, and I will defy any one to deny tne assertion."

This was a direct defy to Congressman Gill and his cohorts.

VIRTUALLY UNDER MARTIAL LAW

Colonel Williams Vested With Authority in Jackson-Cockrill Investigation Begun.

Jackson, Ky., May 28 .- The special grand jury began the investigation of the assassination of City Marshal James Cockrill here last July. As in stationed in the court house, shooting Cockrill with a Winchester rifle from the court room window as he stood in the street. It was immediately after this that men in sympathy with the Cockrill brothers had to flee the county for safety. Among them was Captain John Patrick, who, in a letter to Judge Redwine soon afterward, said that he and others saw the assassins and would come back and testify if troops would be sent to protect them. The knowledge he possessed put a price on his life. Judge Redwine declined to ask for troops and had an attachment issued for Patrick, who, to escape going back to what he considered certain death, has since lived in seclusion. It is believed he will appear to testify and, with others,

will name the assassins. The assassination of Dr. Cox, the Cockrill boys' uncle, will be taken up a case of poisoning. Wanted to Retain Money Which It. Was Claimed They Had Not Won.

A man giving his name as W. J. Gunst and his home as Sistersville. dropped into Wellsville yesterday with a large roll of money. He came here with the intention of having a good time. He is a man of considerable sporting blood and walked around town looking for a speculation. At last he met Charles Gallagher, a colored man, who can manipulate the cards with great skill, and after a short conversation a game of euchre was proposed for small stakes. Gunst got a little tired of this slow method of getting a fortune and wanted to put up \$20 on a game of seven-up. Gallagher readily agreed to this and forthwith put up his money, as did Gunst, with Carl Lee, a colored friend of Galla-

mother writes of what it did for her baby:

"My baby had sinking spells so bad we despaired of her life. Four or five times she would faint away and be to all appearances dead. When she was eight months old she took a very severe cold and the doctor and all who saw her thought it impossible for her to recover. We hardly revived her from one sinking spell until she would go into another. One morning after a most wretched night spent fighting death and when all symptoms were growing worse. I remembered an almost empty bottle of Dr. Miles' Restorative Nervine and without saying anything about it I gave the baby nearly a half teaspoonful. Then I noticed she slept more naturally. She had no more spells that day, and in the evening I gave her a few more drops, which was all there was, and now though she is three years old she is well and strong and has never had the slightest symptom since the first attack. I know of several persons, among them relatives, who have used the Nervine with excellent results. persons, among them relatives, who have used the Nervine with excellent results. Mr. C. McLean, of 187 Church alley, employed in the East Liverpool Pottery company, says: "I had muscular rheumatism for three years in my back and kidneys. It caused me much pain and suffering the last year being the worst. I had a steady aching pain in my kidneys.; extreme weakness in the muscles of the back; could not rest at night except by lying flat on my back and there was uniary weakness accompanying it. Although I had many bad attacks and used many different medicines, I never obtained any relief. The worst attack I ever had and which completely used me up, occurred just before I used Doan's Kidney Pills. Not having much faith left in medicines I was rather skeptical when I was recommended to try them, but got so bad that I had to get something, so I went for a box to the W. & W. Pharmacy. They went direct to the kidneys and acted on the very fountain head of all the troubles relieving me in a very short time." For sale by all dealers. Price 50 ents. Foster-Milburn company, Buffalo, N. Life Plant Cures Rheumatism.

Because it purifies the Blood. Rheumatism is caused by the presence of an excess of Uric acid in the Blood. Uric acid is caused by a peculiar fermentation product. You must remove the cause to cure Rheumatism. Drive out the Uric acid and prevent its formation. Life Plant opens up the organs of excretion, which in time carry of the Uric acid, and thus removes the cause. It not only removes the cause, but it prevents the formation of the Uric acid, and prevents a recurrence of the disease. It renews life. Restores and Renews the vital element in the blood and makes you strong and vig-orous. Resd what Geo. Crater says:

Life Plant Company, Mesars:

For the benefit of those who have Rheu matism, I take the liberty to inform you of my remarkable cure by the use of Life Plant, Had Rheumatism for six years. Shoulders so affected as to prevent my lying on either side. Sciatic Rheumatism in my right leg, gave me many sleepless hours at night. Lumps came in the veins of my wrists and neck, very painful to the touch. Physicians and medicines falled to benefit me. At last I was induced to try Life Plant, three bottles cured me. Wellsville is not a large town neither is it an important one; and it was, therefore, unable to take care of the large crowd of delegates which assembled at that point last night to attend the convention of the Twentieth-Twenty-second joint district. Two senators were to be nominated by the Republicans of the four counties, and while this fact was fully appreciated by those who attended, the Wellsville people did not awake to a realization of the truth of the matter until it was too late to take care of the visitors in a satisfactory manner.

More than a score of Harrison county people arrived on the early evening train, and this was unexpected. When the friends of Senator C. C. Connell came in from other parts of this county not long afterward it was hard for those who had not made previous arrangements with the hotel people for place for the night. when the little pow-pow had ended the matter stood about this way:

Jefferson had broken faith with both and for that reason had forfeited all rights sehe might have had to the For life that you would like place. Harrison had not enough delewith either, so the temperance men amount in cash you would like were left out of the deal. Heinlein to have returned to you, if you and Connell were the logical canditwo counties to control the situation payments-give these facts assolutely. The matter was decided through with so little friction, there remained but few details to arrange.

Alphabetically, Belmont was entitled The Mutual Life Insurance to nominate first, but owing to Columbiana having the second term, the leaders from the latter county demanded the right to present the name of Senator Connell in the very beginning. Fearing this arrangement might hurt her chances. Belmont steadily refused to agree to this arrangement, and in spite of all the persuasion brought to bear, the point was still undecided when the conference ended.

In the meantime the other cand dates were busy with their fences, but Special Representative. as soon as the fact of the Columbiana-Belmont combination was noised about the enthusiasm waned, and the ultimate result was conceded from that time to the very last. The hotel Metropole was a very busy place, however, throughout the entire evening, and the lobby was crowded with interested delegates and enthusiastic politicians.

Many of the politicians from the northeast end of the district had not been given an opportunity to get near to Congressman Gill previous to the present occasion, and all agree he is diplomatic and clever. He was the principal and most popular figure in the final arrangements which were made last night, and his hand can be seen in nearly every move.

STORES WILL BE CLOSED

Potteries Will Pay Friday And Business Places Will Be Open That Evening.

All the mercantile establishments in the city where members of the different clerks' unions are employed, and this includes most of them, will be closed from Friday night at 11 o'clock until Monday morning. The people should take this fact into consideration and get all their shopping done Friday night. Several plans were sug- fords. gested by which the stores could be opened for a part of Saturday, but none of them seemed feasible. The advice. clerks could not consent to any such arrangement even had they been so disposed, owing to the provisions of brand. their constitution, and it was finally decided to remain open late Friday pany, safe place for money.
